ALMOST HIGHWAY ROBBERY.

Important Arrest of Bad Negro By Constable Savage Last Night.

Constable Savage last midnight arrested at the Angola lumber mill a negro named Eli Lee, charged with larceny and an assault with a deadly weapon upon Frederick Gee. Both negroes are employed at the Angola mill and Gee owed Lee fifty cents. The two men met at Seventh and Howard streets yesterday afternoon at 4 o'clock. Lee demanded his half a dollar and was told by Gee that he had no money. It is alleged that Lee then took hold of Gee, physically overpowered him and took from his pocket by force a pay envelope, containing $3 which Gee had just received, tearing the latter's trouser pocket as he jerked it out. Lee then made Gee stand off and drew a murderous-looking knife, eight inches in length, to enforce his command.

Gee at once secured a warrant from Justice Furlong and last night when Constable Savage arrested Lee the pay envelope was found intact and bearing the name of Gee, on the person of Lee. The negro was placed in jail for trial to-morrow morning.

While on his way back from the mill, Constable Savage came upon another negro, who was drunk and disorderly. When arrested a razor was found on his person and he was turned over to Special Deputy Tom Croom and also landed in jail.

Prisoner Goes A'Begging.

The negro Culbreth arrested here a few days ago as one of the escapes from the Lumberton jail, the negro confessing his identity and the fact that he was wanted, was released from custody by the police yesterday, the Robeson sheriff failing to come or send for the prisoner. Immediately upon the negro's arrest, Chief Williams telegraphed Sheriff McLeod, who said that he would write. Nothing further was heard and the negro was released.

Died of His Injuries.

John Herring, a negro shot in the abdomen by another who made his escape in the southern section of the city some time ago, died yesterday morning at the hospital. The negro's death will probably accelerate the efforts of the police to arrest the negro who did the shooting.

PROMINENT LAWYER IS DEAD

John D. Shaw, Jr., Esq., of Laurinburg, N. C., Passed Away at Morganton.

Friends in this city and throughout all this section will hear with profound sorrow of the death of John D. Shaw, Jr., Esq., of Laurinburg, which occurred at Broadoaks Sanitorium at Morganton Friday night at 9 o'clock. The remains were taken to Laurinburg yesterday for interment, accompanied by Mrs. Shaw and Miss Esdale Shaw, who were at his bedside when the summons came.

Mr. Shaw was taken to the sanitorium from Blowing Rock about a week ago, when it was seen that after spending the Summer at the latter resort, he was in no condition to return home.

Last February Mr. Shaw suffered a severe case of lagrippe from which he never fully recovered. His constitution gave way before the ravages of the disease rapidly, and he was soon a nervous wreck. All that was in the range of human power was done to restore him to his former self, but without avail.

Mr. Shaw was 40 years old and leaves a wife, two children, a father, Maj. John D. Shaw, Sr., two sister, Mrs. Henry Fairly and Miss Esdale Shaw, of Rockingham, and a brother, Mr. Clifford Shaw, of Washington City. Mrs. Shaw was Miss Bettie Thomas, a daughter of the late Capt. S. M. Thomas, of Scotland.

Mr. Shaw was a close student of the law, and one of the most successful practitioners before the courts of this section. He frequently visited Wilmington in a professional capacity and was held in the highest esteem here.

African Versus Chinaman.

Lem Lee, proprietor of a Chinese laundry at Fourth and Harnett streets, was haled to the court of Justice Bornemann late yesterday afternoon upon a warrant sworn out by Tena Washington, a colored woman, who solemnly avowed that the Oriental had been guilty of disorderly conduct when she applied to him for some laundry. The facts, however, as brought out in court showed that Tena was half-drunk when she came and wanted to make a rough house of the wash-ee wash-ee establishment. It was adjudged, a malicious prosecution by the magistrate and the prosecutrix was required to pay the costs as well as a fine in another case against herself for disorderly conduct.

Meeting of Clergy.

The Star is requested to announce that there will be a very important meeting of the Pastors' Association Monday morning at 10:30 o'clock in the Y. M. C. A. building. All members are urged to be present by Rev. J. S. Crowley, the secretary. The purpose of the meeting is to organize for the resumption of the regular meetings and work, which was suspended during the Summer months, and for the transaction of other business of importance to the clergy of the city.

Jail in Fne Condition.

Messrs. A. G. Hankins and R. M. Wescott, who with Mr. J. T. Kerr, of Acorn Branch, compose the New Hanover Board of Public Charities, on Friday made an inspection of the county jail with a view of making their annual report to the State Board. They found the conditions at the jail highly satisfactory and so make their report, closing with a neat compliment to Jailer Ed. Capps, who assisted members of the Board with all information and courtesies possible.

Fishery Plant Starts Up.

Menhaden having made their appearance in these watesr again, in large numbers and of excellent oil producing qualities, the Ocean Fisheries Company's plant at Old Brunswick began operations again the past week. The steamer Sanders has made already several good hauls and others are expected this week.

Compliment to Mr. Kingsbury.

In recognition of his untiring efforts in the organization and his enthusiasm in the cause since organization, the local aerie, Fraternal Order of Eagles, has voted Mr. W. R. Kingsbury a life membership in that enterprising order. It is a neat compliment neatly bestowed. The local aerie is fast forging to the front in the secret order realm of the city and will be in its handsome apartments in the new Shrier building now very soon.

THEATRE OFFERINGS

Season Will Be Formally Inaugurated at Academy of Music This Week

ONE NIGHT ONLY IS DARK

List Includes Farce Comedy Fields' Minstrels, Bunch of Keys, Eugenie Blair and The Old Favorite, Human Hearts.

The present week will witness the formal inauguration of the theatrical season in Wilmington and a list of notable attractions have been booked. The repairs in the Academy have been completed, and an entirely new set of house scenery and all accessories have been provided and there is nothing in the way of a brilliant opening week. Monday night Henry F. Willard presents the rollicksome farce comedy, "Reuben in New York;" Tuesday night, Field's Greater Minstrels will hold the boards; Wednesday night, Eugenie Blair will be seen in Ibsen's, "A Doll's House;" Hoyt's, "A Bunch of Keys" will provide the amusement on Thursday night, and on Saturday night a revival of the old and familiar "Human Hearts" will be seen. Friday night, alone during the entire week, will the Academy be dark.

Reuben in New York—To-morrow night the Academy will present a farce comedy and one that is said to be first-class—"Reuben in New York." It is just such a play as will tickle the risibles and that an audience will enjoy thoroughly. This is the first season the play has ever been produced in the South and it is claimed that the production is a really swell one. The situations and action of the piece are all new and exceedingly mirthful, while the specialties, which are incidental, are clever and possess an air of freshness about them. The farce will be given a complete scenic production here. The sale of seats commenced at Plummer's yesterday morning. Regular prices are prevailing.

Fields Comes Tuesday—It is always a pleasure to announce the coming of the Al. G. Fields Greater Minstrels. Theatre-goers of this city have learned to rely upon the promises of Mr. Fields, and the people have come to realize that the Fields Minstrels are just a little better than the Fields posters and the show in fact is just a little greater than the words that attempt to portray the merits of the organization. The Fields Minstrels have been making a tour of the United States for 20 years, and are as good as old wine; in fact, it was this season that Mr. Fields celebrated the 21st anniversary of the organization of his show. His productions always afford genuine entertainment. The show this season is said to eclipse anything he has offered to the public. The melody of its popular songs has preceded it into this city, for its songs have been whistled throughout the country. The minstrels are appointed to appear Tuesday night at the Academy and the sale of seats will commence at Plummer's Monday morning.

Eugenie Blair—On Wednesday evening at the Academy, Miss Eugenie Blair and her specially selected company of players will present Henrik Ibsen's popular and extremely interesting drama, "A Doll's House." The story of this play is too well known to need repitition here having called forth more commeht than possibly any production ever presented in this country. "A Doll's House" is a play of particularly strong dramatic interest and the play as presented by Miss Blair and her company is complete in every detail, great care having been taken to retain the true Ibsen atmosphere.

"A Bunch of Keys"—"A Bunch of Keys," the late Charles H. Hoyt's first and by all odds most lasting success, was evidently inspired through the magic fountain of perpetual youth, for notwithstanding its more than a decade of delightful service as a merrymaker, it again bobs up serenely. But for the introduction of the latest fetching musical numbers, "A Bunch of Keys" remains the same laugh-provoker, yet this assortment of new songs is an improvement over the popular compositions of the days almost beyond recall. The date of the visit is Thursday night at the Academy.

Human Hearts—Well known "Human Hearts," with its fun and pathos, will be offered for Saturday night. This is the annual appearance of this popular melo-drama and, as of yore, the audience will, no doubt, be large. A most capable company is presenting the piece this season.

Winter Park Gardens.

The first record of a sale of real estate in the new suburban town, on the Consolidated railway line, at the Masonboro crossing, was filed yesterday. The deed is from the Winter Park Gardens Company to C. E. Hall, for $1 and other considerations, and the lot is situated at southeast corner of Third street and Peach Tree Avenue, running along Third street 660 feet to Strawberry Avenue and 330 feet along Peach Tree Avenue. A printed form of deed from the development company has been provided and quite a number of transfers are expected to take place in the immediate future.

Adjutant Wiggin's Farewell.

The farewell service of the present officers of the Salvation Army in command of the post here will take place to-night at the First Baptist church. Adjutant Geo. N. Wiggins will preach the sermon and will make an interesting talk on the work of the Army here and elsewhere. The Adjutant and assistants will probably leave the city Wednesday. Major Simonson will arrive Monday afternoon from Baltimore and the new officers for this post are expected to reach here Tuesday morning.

TRIP ON THE DUPLIN.

Fayetteville Party Greatly Pleased With the Steamer Service.

Yesterday afternoon's Fayetteville Observer has the following of interest:

"Dr. H. W. Lilly and Messrs. J. F. Harrison and L. B. Hale returned yesterday afternoon from a trip to Wilmington and return on the steamer Duplin, as the guests of Mr. James Evans, at whose disposal the Duplin was placed by its popular owner, Mr. T. D. Love, of Wilmington. Capt. Evans made a royal host, and we doubt if any party ever enjoyed a trip on this historic river as much as this one did. Everything that possibly could add to the comfort and pleasure of the party was done, and the culinary part was simply superb, each meal in itself a veritable banquet. Capt. LeRoy Smith, commander of the boat, who is the youngest captain on the river, showed the party every courtesy, and proved himself to be a skillful sailor. Mr. Frank Glover, who is the agent for the Duplin at Fayetteville, stocked the larder with all sorts of good things and personally superintended the embarkation of the party."

WILMINGTON, N. C.

Sunday Morning, Sept. 17.

HAVE TO CHANGE POLICIES.

The esteemed Chattanooga Times (Dem.) remarks:

"President Roosevelt is directing his thoughtful attention to those South American republics that refuse to buy goods from the United States. He will probably find that the only way to reach them justly and fairly is through a modification of the Dingley law. He must finally get back to the 'stand-patters' wherein all the trouble lies. There are good reasons for believing that Congress when it assembles in December will find that the president is today stronger even than he was when he came fresh from the largest popular vote any man in a real contest for the presidency ever received, and it will be disposed to listen to whatever he may have to say on the subject which we may be sure is going to be ample. If signs do not fail the president is certainly going to improve our trade relations with the nations to the south of us."

If the President gives too much of his "thoughtful attention" to building up our trade with the South American countries or any other foreign countries he is liable to become a Democrat—that is if he is looking for a policy that will really increase our dealings with the other people of the world. The President's standpat party with its prohibitory tariff shuts out the trade of others nations from our shores and yet that party's President expects those nations to become good customers of ours. The Republican party's closed door at home shuts out the opportunity of reciprocal trade relations with the balance of the world. Their policy has made us live off each other, while European countries were invading and capturing the South American trade. The South American factories are most likely satisfied, for under the President's party policy we purchase more from them than they do from us, the annual balance being in their favor. Even Cuba has the advantage of us in getting more out of us than we get out of them. On the other hand, Europe's trade with South America is tremendously in favor of Europe.

Trade is a matter of give and take and if we are not customers of other nations we can hardly expect them to be better customers of ours.

PLUTOCRACY AGAINST DEMOCRACY.

Says the New York Tribune (Rep.):

"The campaign against 'honest graft' will soon be on, and New York's welfare demands that every citizen should throw his influence on the side of honesty versus graft."

Will the virtuous Tribune be caught denouncing the use of corruption funds to carry the elections of the people of the Republic? A good text is afforded by the president of the New York Life Insurance Company who testified on the stand that without consulting the stockholders, officers or directors, he poured out $48,702 into the coffers of the Republican National Campaign Committee in the last election.

Judge Parker, the Democratic nominee for President, knew what he was talking about when he accused Chairman Cortelyou of squeezing the corporations for money to elect Roosevelt and carry the country for the Republican party. It would be equally monstrous in the Democratic party or any other party.

The testimony of President Perkins of the New York Life was a straight forward confession that plutocracy is against Democracy.

CURRENT COMMENT.

—A nigger that behaves himself is better than a white man that don't.—Gastonia Gazette.

—The longest bridge in the world is the Lion Bridge, near Saugong, China. It extends five and a quarter miles over an arm of the Yellow Sea, and it is supported by 300 huge stone arches. The roadway is seven feet above the water, and is inclosed in an iron net work.—Philadelphia Press.

—The Republicans tell us that they are convincted of the negro's inherent unfitness for the franchise and that they have thrown him overboard in the South. Why not in the North also? Let them repeal the fifteenth amendment and we will be convinced of the sincerity of their declarations.—Norfolk Virginian-Pilot.

—The Savannah News would like to know whether or not the fact that President Roosevelt and Baron Komura were members of the same class at Harvard University in 1880 contributed to the settlement of the war in the Far East. Who knows? College association counts for a great deal in life.—Norfolk Virginian-Pilot.

—The farmer has the rural free delivery of mails—although this was thought to be impossible a few years ago. Shall he not have a parcels post? Each year the good roads movement, originating at the cities, is extending itself. Trolley lines are extending countryward; soon they will come actually to serve the farmer's need. The telephone, as a separate rural enterprise, is extending itself. Extensional educational enterprises are reaching further and further into the open farming districts. Co-operation and organization movements are at the same time extenuing and concreting themselves.—Scientific American.

—The Lexington North State, Republican, repeats the usual Republican argument—the truth of which is not admitted because the facts do not substantiate it—that it is useless to send Democrats to Congress while the Republicans have possession of the national government, as under the circumstances Democrats are without influence in Washington, and thereupon the North State further remarks: "A man like our brilliant and strenuous Congressman, the Hon. E. Spencer Blackburn, has more influence than a ten acre field of men who traduce and backbite the President." And it might be remarked that if "our brilliant and strenuous" young Congressman has such wonderful influence in Washington it is up to him to show it about now, for some of his friends are in trouble and need his help.—Statesville Landmark.

TWINKLINGS.

—She—I am so fond of trees! The oak is my favorite; it is so strong, so noble! Which do you like the best? He (promptly)—Yew.—Judge.

—"What makes you say she has everything necessary to make a woman happy?" "Her husband owns a millinery store, and an automobile."—Houston Post.

—Horse and Cow—"Ah, your langauge! Eet ees so difficult." "What's the matter, count?" "First, zis novel eet say ez man was unhorsed." "Yes?" "Zen it say he was cowed."—Exchange.

—McFlub—Your wife seems to be quite industrious Sleeth—You bet your life she is. She's busy from morning until night hunting up odd jobs about the house for me to do.—Philadelphia Press.

—"May's a queer girl. You know she took first prize for mathematics at Vassar." "Well?" "Well, when her mother asked May how often Mr. Hansom had kissed her she said she couldn't tell."—Philadelphia Press.

—Visitor—What a nice dolly! I suppose you love her better than any body except your Ma. Elsie—O! dolly's much nicer than Ma. Visitor—O! you don't mean that? Elsie—Of course I do. Dolly never interrups me when I'm speaking.—Philadelphia Press.

—"Of course, George,' said the extravagant wife, "I'm obliged to you for the money you gave me, but really it won't buy me the fur coat I want." "Well," replied the great brute, "you'll have to make it go as 'fur' as you can."—Philadelphia Press.

THE DANGER TO THE CHILD

May be real or the snake may be a harmless one, but there is danger that menaces every child's life if the mother is deficient in womanly health and functional vitality.

Thousands of women have borne their sufferings and kept their troubles to themselves from motives of delicacy and feeble childhood has paid for it.

Dr. Pierce, forty years ago, *consulted Nature*, and found that she had provided remedies in abundance for the cure of woman's peculiar ailments and weaknesses. He found that non-alcoholic, glycuric extracts of Golden Seal root, Blue Cohosh root, Unicorn root, Black Cohosh root and Lady's Slipper root, combined in just the right proportions, gave such surprising results that this compound soon became a standard favorite of his in the treatment of such cases. In a little time the demand for it became so great that he determined to put it up and provide for its general sale so that the multitudes needing it could readily supply themselves.

This is now known all over the civilized world as *Dr. Pierce's Favorite Prescription*, and its unparalleled record of hundreds of thousands of cures, in the last forty years, justifies all that can be said of it.

It is non-alcoholic, non-narcotic. It is safe and reliable for any woman, of any age and in any condition, to use.

Dr. Pierce's Pleasant Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver, or sluggish Bowels.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Do you think U. S. Senators, Foreign Ambassadors, Bankers, Business and Professional men in every section of this country would keep on using HAYNER WHISKEY if it wasn't all right?

Do you think doctors would recommend it and hospitals use it, if it wasn't absolutely pure and unadulterated?

Gold For Japan.

A Japanese newspaper says: "When Iyeyasu captured the Osaka castle from Hideyori and Lady Yodo he found there 300 ingots of gold having a value of $500,000 in the currency of the present day. This gold he bequeathed to his second son Yoshinao, the first of the Owari feudal chiefs, with the injunction that it should be kept for use in any national emergency. The present head of the Owari family, Marquis Girei, considering that the time is come to employ the money, recently repaired to the tomb of Yoshinao and solmenly intimated to the spirit of the dead that the gold was about to be employed for national purposes in accordance with the will of the family's illustrious ancestor, Iyeyasu. Thereafter the marquis handed over the money to the treasury."

The Weathercock.

The effigy of the cock so often seen on church steeples is usually connected with a legend in connection with St. Peter. As a matter of fact, however, the figure of a cock used to be placed on the tops of sacred trees long before it was used on buildings. The movement of the bird in the breese was supposed by the superstitious to ward off evil spirits. On a number of modern churches the familiar vane is missing, but in days gone by a church was hardly ever built without the weathercock on its steeple.—London Standard.

A Grewsome Exhibit.

An agent of a cinematograph company, it is reported, has come to an arrangement with the governor of Canton, China, by which all executions are to be saved up for one month. The exact number of dollars required to insult the pooh-bah of Canton sufficiently to lead him to make such an arrangement is not stated, but the idea is that by postponing the daily executions till the end of the month there will then be the respectable number of 200 to be polished off, and the moving picture man hopes thus to secure a charming and delightful film for the benefit of his patrons.

SPIRITS TURPENTINE.

—At Dunn on Thursday the special school tax carried by a large majority.

—A movement is on foot in Stokes to establish a tobacco manufacturing plant at Danbury. It is proposed to begin bisiness with a capital of $10,000. A stock company will likely be organized at an early date.

—At Lumberton, on Friday the final scene, as it now appears, in the Atkinson family drama was witnessed at the depot when Mr. and Mrs. Atkinson divided their belingings under the eyes of officers and then parted. The wife was given the custody of her child and will receive an allowance.

—Lupin Journal: There is enough money in Duplin county to hold the cotton crop off the market from four to six months if need be. Let this money be thus used. There is no better security for the money loaned than cotton, and no man needs the accomodation and can better afford to pay for it than now.

—Gastonia Gazette: At a family reunion last week at which all of his children were present, Mr. J. H. Craig divided among them $40,000, the third division he has made from his estates, the total aggregating $140,000. This is believed to be the largest estate ever settled off in Gaston county during the life of the owner.

—Franklin Press: The Blue Ridge aid Atlaitic Railroad must build to Franklin. The railroad hands reached Raburn Gap last Saturday evening down track. Raburn Gap is a mile beyond Dillard's. No passenger schedule will be put on till Dillard is reached which will probably be by the 10th of October.

—Wadesboro has had a marvelous and inspiring reunion. Old Uncle Jimmie Marlin, 87 years of age, had around him the other day over 250 persons, most of them being directly descended from or otherwise kin to the old man. With all his years he is stil hale and hearty, a type of that ideal old age which does not tend to weaken but to venerate.

—Charlotte Chronicle: The Biblical Recorder, the organ of the Baptist State Convention, in its issue this week, prints a list of all the contributions to the Church cause for the eight months of the present year. They foot up the sum total of $31,180.28. A similar exhibit by other denominations would doubtless show that the Baptists of North Carolina are far in the lead.

—The University of North Carolina formally opened its one hundred and tenth annual session at Chapel Hill on Thursday. The attendance on the opening day was equal to if not greater than that of any other opening. The freshman class this year is by far the largest ever registered there. The number now registered in moving to the two hundred mark. Thursday night the total number registered was 545. A good number has been added since and lots of upper classmen and former students are expected later.

—Mt. Olive Tribune: The lumber road built by the Enterprise Lumber Company, of Goldsboro, extending from Mount Olive to about twelve miles in Duplin county, has been completed and the company will soon begin hauling logs over the road. It will be remembered that this road was chartered by the last General Assembly for the purpose of carrying freight, etc., and there is no doubt but what this will be the means of greatly developing that section of the country, and assisting Mount Olive commercially. It will also be the means of bringing a number of desirable citizens to our town.

—A dispatch from Aberdeen on Friday says: Mr. W. A. Bethune, of Bond, Miss., who is a refugee here from the yellow fever, was accidently killed here this afternoon by his own gun while rowing in a boat in Ray's mill pond. It seems that he had attempted to place the gun in the bottom of the boat when the hammer struck the side of the boat causing the gun to discharge, emptying the whole load in the upper part of his head, killing him instantly. Mr. Bethune was a promising young lawyer who went from this county to Mississippi three years ago and was fast attaining prominence in his profession. His mother, three sisters and two brothers live at this place. The whole community deeply sympathize with them in their grief.

—The Lexington Dispatch issued an illustrated industrial edition the past week, and it contains an elaborate article on the industries of Thomasville, which it calls the Tar Heel Chair Town, as Thomasville leads the South in the manufacture of chairs, the daily output being 3,500. There are seven chair factories in operation in Thomasville. The business was started eight years ago by the Standard Chair Company, and in rapid succession other enterprises of the same nature followed, until now Thomasville chairs are in cottages, mansions, offices and hotels from the Atlantic to the Pacific and from Canada to the Gulf of Mexico. Thomasville rockers rock on verandas by seaview and mountain top, and its dining room chairs are in the bon-ton hotels of the metropolis and most famous resorts, while its kitchen chairs are in the lumber camp, the cottage and the cabin.

Messrs. Sims & Phillips, lessees of the Hotel Imperial, at Hendersonville, have left the town, leaving behind unpaid bills which will in all probability amount to at least $1,000, and taking with them several articles of value from the hotel. It is moreover said that one of them knows something of the whereabouts of some jewelry stolen some time ago from the hotel, belonging to some of the guests. Significant is attached to the report by the seizure Wednesday night of a trunk belonging to Mr. Phillips, which was checked to Nashville. It was attached by Mr. C. E. Wilson, owner of the Hotel Imperial, and was instituted to insure the payment of rent due him to the amount of $500. Some believe that the trunk is filled with the missing jewelry to which refence has been made, for when it was attached before leaving Hendersonville last night for $84, the sum was immediately paid. This fact leads one to concede that the trunk contains valuable articles.

—Charlotte News: The people of High Point know a good show when they see one and they are not going to let any old thing be pushed down their throats and be deceived into believing that they are having a good time. One night last week a party of people calling themselves a theatrical company, which had advertised itself to be first-class in every respect, attempted to give an exhibition at the local play-house. The audience was large and it was not many minutes before disgust filled the hearts of all present. Almost as a unit the dissatisfied audience roes to its feet and announced that the snow would not be allowed to proceed further, inasmuch as it had grossly deceived them. The manager of the theatre rose to the crest of the occasion by suggesting that the admission money awaited the pleasure of the audience. It was the unanimous decision to donate the entire sum collected at the door to the hospital fund. The show people will sue the manager of the opera house.

TIRED FEELING?

Read This — "I have found Wine of Cardui such a benefit to me," writes Mrs. Leota Forte of Toledo, Ill., "that I shall continue to use it. I cannot praise your medicine enough."

A tired or languid feeling is a sign of weak vitality, and this, in women, is nearly always due to the debilitating influence of female trouble. When your menstrual functions are out of order, they call upon the nerves for help, and your nerves answer the call by throwing into the weak parts all the blood force and vitality they can possibly get together. Of course this weakens the rest of your body. Of course you feel tired and languid. Of course you need outside help to keep up your strength and help to make you well. This necessary help you can get by taking Cardui, the pure, old, reliable, scientific remedy for sick women. For tiredness, weakness, irregular menstruation, monthly pains, dragging sensations, debilitating discharge, and all female complaints, a sure cure is

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere, —seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit Mich.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy," R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

WILMINGTON, N. C.

Sunday Morning, Sept. 17.

WARM WIRELETS.

An order of the Southern Railway for ninety new engines, 750 steel gondola cars and 750 steel flat cars has been made public at division headquarters in Knoxville, Tenn.

At Rocky Mount, Va., yesterday Samuel Stanley, who on last January shot and killed Walker Austin was convicted of manslaughter and given twelve years in the penitentiary.

of the national independence of Mexico at Mexico City yesterday was unusually brilliant and enthusiastic. President Diaz opened the Congress, a large and distinguished audience being present.

—At a meeting of representatives of the New Pittsburg, Sunday Creek, Fairmount, Kanawha and other coal companies in Ohio and Pennsylvania, it was decided at Columbus, O., yesterday to raise the price of all grades of coal at the mines from 10 to 15 cents.

James E. O'Hara, a prominent colored citizen and lawyer and a former Republican congressman from this State, died at his home in Newbern, N. C., yesterday, aged 65 years. O'Hara was a native of the West Indies. He was a successful lawyer and had a large practice.

At Rocky Mount, Franklin county, Va., yesterday, when the sheriff went to the jail to carry Chap Ramsey, who one September 3rd, shot and killed his nephew, Willard Hamsey, before Judge Saunders for arraignment, he found the accused man almost a raving maniac. Ramsey escaped on the day of the killing and surrendered himself last Thursday night.

At Wadesboro, N. C., yesterday acting upon instructions from Governor Glenn, who is out of the State, Judge Neal gave over Fisher and O'Day, the Heath Springs safe blowers, into the custody of Solicitor Henry, of Chester, S. C., who, together with a deputy, took the men immediately through the country to Lancaster county. The men were held at Wadesboro on a technical charge.

The Navy Department yesterday preliminarily accepted the protected cruiser Charleston from the Newport News Shipbuilding Company. Officers and crew to man the ship are being assembled on board the Franklin at Norfolk and the Charleston will soon go into commission and he sent to the Pacific coast where she will be the flagship of Admiral Goodrich.

The celebration of the anniversary

Three persons were killed and twenty were injured in a collision between an eastbound passenger train and a light engine on the Baltimore and Ohio road, a mile west of Kimmel, Ind., yesterday. The light engine which had been on a side waiting for the passenger train, had pulled out partly on the main line and the passenger train, coming by at high speed was "side swiped," its engine and the three forward cars being wrecked.

The farmers of Montgomery county, Ala., met yesterday in an important session, the feature of which is a formal pledge that unless they can get a price of 11 cents or more per pound, they will hold their cotton indefinitely. In this determination the famers are strongly backed by all the banks and mercantile establishments of Montgomery. Yesterday's meeting before adjournment addressed an appeal to the cotton producers of Alabama and the entire South to hold the staple for the minimum price of 11 cents.

SQUANDERED MONEY ON WOMEN

Hard to Identify Young Men Who Hanged Himself.

By Wire to The Morning Star.

New York, September 16.—The body of the suicide who ended his life by hanging last night at Mamaroneck near this city, was positively identified to-day as that of a young man who had represented himself to be William A. King, the son of a wealthy cotton mill owner of Augusta, Ga. The identification was made by Mrs. Geo. E. Jardine, at whose house young King stopped for shelter last Monday during the height of a severe storm. The identification was confirmed by Mrs. Jardine's son. Young King had told Jardine that he was penniless, having spent all of the allowance from his father. He had been warned by the latter that if he overlived his income he would have to shift for himself until the next installment was due. King said he had met a number of women while stopping in New York and had squandered his money on them. It was at first reported that the suicide was Paul Kelly, motorman of the elevated railroad train which was wrecked recently with a loss of 12 lives.

Augusta, Ga., September 16.—Absolutely nothing is know here as to the identity of W. A. King. The King whose son he is said to be has but one son, who is in the city at the present time. There is no W. A. King in the directories of the past half dozen years. A canvass of every known King in the city has brought out no information.

NORTH AND SOUTH RAILROAD.

Pittsburg Will Get Outlet to Southern Tidewater.

Pittsburg, Sept. 16.—Joseph Ramsey, Sr., president of the Wabash railroad, announced today that the sale of the Little Kanawha properties was completed with the exception of a few minor details which would be disposed of immediately.

The purchasers are interests representing the Pittsburg and Lake Erie railroad and it is said the Pennsylvania and B. & O. Railroads are interested in the sale.

The Little Kanawha properties are extensive and include vast coal lands from west of Parkersburg, W. V., into Grene county, Pennsylvania.

"Without a doubt a line now will be built," said Mr. Ramsey, "which will give Pittsburg what it has been in great need of—A railroad to the South.

The price paid by the Vanderbilt interests is said to be $10,000,000. The property was first offered to George Gould who held a minority interest in the syndicate, but, it is said, he refused to pay the price demanded.

The line of the syndicate in Greene county was originally intended as the route which the Wabash should follow inits extension to tidewater by way of the West Virginia Central and the Western Maryland.

SOUTH'S LEADERS WILL CONSULT.

Conference of Representative Men to Assemble at at Chattanooga November 9-10

QUARANTINE --- IMMIGRATION

Necessary That Some Uniform System of Quarantine Should Be Adopted. Immigrants Are Wanted That Will Work.

By Wire to The Morning Star

Chattanooga, Tenn., Sept. 16.—A formal call for a conference of Southern representative men to be held in this city in November was issued today. It is signed by 12 Governors and the officials of the chamber of commerce of several cities. The call after reciting the prosperity and business growth of the South and its prospects says:

"In the attempt that has been made by various cities, towns and communities in the South to protect themselves from the dread ravages of yellow fever, the most strenuous and at times the most unreasonable, unnecessary and burdensome measures have been adopted, measures that not only tended to cripple and destroy business and commerce but which reflected on the very instincts of our common humanity and because a reproach to civilization itself. It 'is evident, therefore, that some uniform system of quarantine should be adopted that will allay the apprehensions of the people and minimize the dangers resulting from an outbreak of this disease. This is necessary if we would save our land from the demoralizing and brutalizing tendencies of a panic inspired quarantine.

"Again there are coming into the United States at the present time a larger number of foreign immigrants than ever known in our country's history. Among these are great masses who are wholly undesirable and whom it will be impossible to assimilate with out institutions. There is apparently a desire or tendency to bring many of these undesirable immigrants to Southern ports and also to distribute them from Northern centers into the South. The South will welcome desirable immigrants from all lands and it has already racial problems of such gravity that no others should be invited until proper safeguards are provided in advance of their coming.

"For the foregoing reasons, therefore, the undersigned hereby issue this call for a Southern conference on immigration and quarantine, to be held in the city of Chattanooga, on November 9 and 10, 1905, and we designate the following persons as expected to compose and participate in this conference.

"Governors of the Southern States; members of Congress; commissioners of agriculture; mayors of cities; one representative from each railroad system, preferably the general imigration agent; the editors, publishers or proprietors of newspapers; and not more than five representatives from each commercial organization in the South. The Governors signing the call are: John I. Cox, of Tennessee; D. C. Blanchard, of Louisiana; Edwin Warfield, of Maryland; William O. Dawson, of West Virginia; J. A. Montague, of Virginia; N. B. Broward, of Florida; James K. Vardaman, of Mississippi; Joseph W. Folk, of Missouri; J. C. W. Beckham, of Kentucky; D. C. Heyward, of South Carolina; S. W. T. Lanham, of Texas, and Joseph M. Terrell, of Georgia."

WHITES AND BLACKS IN FIGHT.

One Negro Killed and Several Whites and Blacks Wounded.

By Wire to the Morning Star.

Memphis, Tenn., September 16.—A special to the Commercial Appeal from Germantown, Tenn., says that a clash between white men and negroes occurred there this afternoon in which Engene Scott, a constable was shot and stabbed, a negro name Smith, from Cordova, was killed, Robert Howard, of Germantown, was cut about the head and three or more negroes shot. The fight occurred at the Wolf river race track, midway between Germantown and Cordova. Fifty or more shots were exchanged. The whites were finally driven off, bearing their wounded under a scattering fire from the negroes.

The trouble arose over a race. A Germantown negro wanted to enter his horse, and the Cordova negroes objected. A dispute followed and Scott who was standing near with other white men, who had gone to the track to look on, was called on to settle the dispute. Smith, of the Cordova crowd, who was using offensive language was commended to keep his peace. He refused and the constable deputizing Howard, attempted to place the negro under arrest. As they started towards Smith he drew his revolver and began firing. Scott wipped out his pistol and returned the fire. Twelve shots were exchanged, Smith falling dead and Scott going down three times, but coming up as often until carried from the field.

Howard and some of the other white men drew pistols and rushed to the assistance of Scott and a dozen negroes from Cordova backed up Smith. At last half a hundred shots were fired. Some of the negroes used their knives, stabbing Scott and Howard. Three negroes besides Smith were shot, and it is thought that six other were wounded. Scott was shot through the left lung. He was also badly cut with a knife about the head. His wounds are serious. Howard was cut about the head, but not seriously.

GOVERNOR GLENN'S TRIP.

McNeill Better and Proceded With Party to White Mountains.

By Wire to the Morning Star.

Winchendon, Mass., Sept. 16—Governor R. B. Glenn, of North Carolina, and members of his party who were tendered a reception here last night, today left for Concord, N. H. They will proceed to Fabyans, N. H., tomorrow for a trip through the White mountains.

J. C. McNeill, a member of the staff of the Charlotte, N. C., Observer who was hurt in an automobile accident near here yesterday, was in a comfortable condition today and proceeded with the party. Guy Townsend, of this town, who was seriously injured in the accident, it is believed will recover.

HORRIBLE CRIME NEAR NEW YORK

Handsome Young Woman Robbed, Murdered and Victim of Worse Crime by Two Men.

By Wire to The Morning Star

New York, Sept. 16.—The finding today of the body of a handsome young woman, about 25 years of age, lying bruised and battered in a clump of briar bushes near the Pelham road in the Bronx, revealed one of the worst crimes with which the police have had to deal in many years. An autopsy tonight showed that the woman had been criminally assaulted and choked to death. There was every indication that she had fought her assailants desperately. Her garments were torn almost to shreds. Tonight her body rests in the Fordham morgue while half a hundred detectives are endeavoring to establish the victim's identity and to find some clue to the murderers. The body had been dragged to the clump of briar brushes from a point some distance away.

An empty dress suit case was found near the scene of the crime but neither on this nor any article of clothing was there the slightest means of identification.

The cause of death was given as suffocation, and the autopsy physicians were of the opinion that the woman had been dead about 12 hours. Evidence points to the fact that at least two men were implicated in the crime. That the woman was robbed is not doubted, for nothing of value was left upon her person while her fingers show that rings which she must have worn were torn from them.

THERE WILL BE NO WAR.

Norway and Sweden to Compromise Their Differences.

By Cable to The Morning Star.

Karlstad, Sept. 16.—The first official announcement indicating that the delegates of Norway and Sweden were approaching an understanding in their effort to establish a modus vivendi for the countries, as separate governments, was given out tonight at the close of the joint session of the delegates. This announcement reads:

"The probabilities are that in the near future the negotiations can be brought to a definite result."

This somewhat cryptic announcement is accepted as indicating that the negotiations have finally reached a stage where an agrement is in sight and that a resort to arms, which might have involved other powers, may safely be considered to be out of the question. At this hour the delegates and other officials decline to throw further light on the subject of negotiations which will be resumed tomorrow. It is taken for granted, however, that a compromise has been reached on the subject of fortifications which has been the crux of the situation since the start and that the main questions will be arbitrated. It is believed that considerable influence was brought to bear on both sides looking to concessions by which the wounding of the sensibilities of either nation might be averted and an entente betwen the Scandinavian peoples secured.

COTTON MILL SQUABBLE.

Judge Pritchard Remands Case Back to South Carolina.

By Wire to The Morning Star.

Asheville, N. C., September 16.—Argument was concluded before Judge Pritchard in the United States Circuit Court to-day on the rule to show cause why W. E. Lucas, president and treasurer of the Laurens, S. C., cotton mills, should not be enjoned from further proceedings in the State courts of South Carolina, against Deering Milliken and Company of New York. And also why the present board of directors of the cotton mill should not be removed. Although Judge Pritchard did not formally deliver his decision, he stated that he was of the opinion that the complainants are in no danger of suffering irreparable injury at the hands of the present management, and that if injured they should seek relief upon legal and not equitable grounds.

MARRIED FORMER HUSBAND.

Nan Patterson Remarried Yesterday to Leon G. Martin.

By Wire to The Morning Star

Washington, September 16.—Miss Nan Patterson, who was twice tried in New York for the murder of Caesar Young, the well known bookmaker, was remarried at noon here today to her former husband Leon G. Martin. The ceremony, which was performed by the Rev. George F. Dudley, of St. Stephens church, occurred at the Patterson home and was witnessed only by the members of the family and a few intimate friends. The couple left in the afternoon for New York where they will reside. Miss Patterson and Mr. Martin were divorced three years ago.

YELLOW FEVER IN THE SOUTH

New Orleans Holds to Average In Number of New Cases and Deaths

TOTAL DEATHS TO DATE 333

There Have Been 2,547 Cases Up to Yesterday—Four More Cases in Cincinnati—President Roosevelt Opens Festival.

By Cable to The Morning Star.

New Orleans, Sept. 16.—The following is the official report of the yellow fever situation in New Orleans up to 6 P. M. today:

New cases to-day, 42.

Total cases to date, 2,547.

Deaths to-day, 2.

Total deaths to date. 333.

New foci, 7.

Cases under treatment, 341.

Cases discharged, 1,873.

The yellow fever situation today showed little change. The people of New Orleans took a holiday and joined hands in making a brilliant success of the diamond festival, arranged to help swell the fund for fighting yellow fever. A multitude gathered at Athletic Park where the festival was held. The feature there was the singing of patriotic songs by Miss Blanchard and 800 school children. The festival was formally opened with a telegram to Mayor Behman from President Roosevelt which was received with universal enthusiasm. The telegram said:

"I hereby open the daimond festival for the benefit of the yellow fever fund. I give utterance to the sentiment of all the people of New Orleans and all Louisiana not only in this, but in all other efforts they are making with such high and generous courage to fight the plague from which they are suffering. The Federal authorities will do all that in their power lies to help in these efforts."

The diamond festival was popularized by two contests, one for the ugliest man in the city for a piano as a prize, and one for the most popular working girl, with a trip to Asheville and $75 for expenses as the prize. These contests alone netted several thousand dollars, how much will not be known until Monday. Miss Alice Connolly won the working girl's contest but the ugliest man will not know his fate until Monday.

At a meeting of the business men of the city and the directors of the Phythian Encampment Association held today it was decided that a hard fight to keep the big biennial encampment of the Knights of Pythias in this city next September would be made by the business interests of New Orleans. A meeting of the Supreme Council, Knights of Pythias, is to be be held in Indianapolis next month determine whether or not the convention shall be moved to some other city. Strong resolutions were passed at the meeting today, declaring that no reason existed why the big gathering should not be held in this city and pledging all the fraternal and business interests of the city to make the fight to hold the convention for New Orleans. A large number of the representative Pythians of the State and also of the business men of the city will attend the meeting of the Supreme Council in Indianapolis.

Condition In Mississippi.

Jackson, Miss., Sept. 16.—The yellow fever summary for the past 24 hours is as follows: Gulfport and Mississippi City, no new cases. Natchez, two, and Vicksburg, three. No reports from Pearlington and Hamburg. No new points of infection appeared in the State and there are no suspicious cases under observation.

Two New Cases at Pensacola.

Pensacola, Fla., Sept. 16.—Two new cases of yellow fever developed here tonight, one being a negro woman within the infected district and the other W. T. King, keeper of a hotel where several of the recent cases have occurred. The latter will hardly survive.

Four More Casese at Cincinnati.

Cincinnati, September 16.—Four more of the people who came here early yesterday from Tallulah and New Providence, La., to escape yellow fever were taken to the hospital today having developed some symptoms of the disease.

HANGING WAS DEFERRED.

Father, Two Sons, and Negro Get Stay of Execution.

By Wire to the Morning Star.

Valdosta, Ga., Sept. 16.—The execution of J. G. Rawlings and his sons, Milton and Jesse, and the negro Alf Moore, all of whom were implicated in the murder of the Carter children was set for yesterday, but a stay of sentence was ordered so that the case could be carried to the Supreme Court.

Sheriff Passmore received orders not to hang the men from several sources. Solicitor General Thomas informed him of the order which was issued at Thomasville by Judge Mitchell when the new trial was refused; the judge informed him in person and Attorney Cooper, besides sending them word by several parties, came to tell him himself. Finally the sheriff received a letter from the Governor. A postscript to this order stated that Mr. Cooper had requested that this order be very definite, "that Lowndes county sheriff wants to hang that crowd."

A preacher came over from Colquitt county yesterday afternoon and announced at the jail that he came to preach the funeral for the executed men but found after reaching the city that the execution would not occur. After a second's thought he decided to preach it anyhow, and took a position on one of the corners and spoke for about an hour about sin and its results.

ENTICING PRINTERS AWAY.

Virginian Arrested for Securing Strike Breakers at Winston-Salem.

By wire to The Morning Star

Roanoke, Va., September 16.—A special from Winston, N. C., to The Roanoke Times says:

"W. L. Woodward, a labor agent from Roanoke, Va., was arrested here to-day on a warrant charging him with attempting to entice labor from this State without paying the tax of $200 required. He was arraigned before a magistrate and furnished $300 bond for his appearance Monday. Woodward, it appears, was sent to Winston to employ printers to take the places of those now on strike at Roanoke.

GREAT LUMBER CONFERENCE.

Editor Z. W. Whitehead Back from New York Trip.

Mr. and Mrs. Z. W. Whitehead returned yesterday from New York where Mr. Whitehead attended the big lumber conference between the Southern manufacturers and the North wholesalers and yardmen. Mr. Whitehead talks interestingly of the meeting, which was one of much importance to the trade.

"The meeting was largely attended and accomplished much good to both interests," said Mr. Whitehead. "Certain reforms inaugurated six months ago were found to be progressing nicely."

"The famous "1905 Grading and Inspection Rules," as outlined and advocated so long by the Southern Lumber Journal, of this city, were heartily endorsed and unanimously adopted by the manufacturers and dealers North and South.

"There was some contentions for additional ware allowance on large sizes and long lengths, but even in this respect the rules as a whole were not changed.

"The Southern visitors were royally entertained, being given two banquets, a luncheon, tenderloin supper, automobile ride over the city and through Central Park; a trip to Coney Island, including all the principal attractions at the latter place. The New Yorkers are great," said Mr. Whitehead.

SENT UP FOR LARCENY.

Louis Lavendar, Notorious Colored Thief—Mayor's Court Yesterday.

Louis Lavendar, the negro arrested by Policeman D. W. Walker at Fourth and Harnett streets Friday afternoon because of his having in his posession eight or ten new club axes that he could not account for satisfactorily, was given trial in the police court yesterday on a charge of larceny and also of resisting the officer, who captured him. The axes were identified by a clerk of the N. Jacobi Hardware Company as some from a box that was short in a Seaboard Air Line shipment the same morning, the presumption being that the property was taken from the freight warehouse of the S. A. L. In the case of resisting arrest by Officer Walker, the negro was sent to the roads for 30 days.

A couple of excursionists charged with drunkenness were also before the Mayor yesterday, judgment having been suspended on payment of costs. Robert Willie, a negro with a bad record, was fined $10 and costs for disorderly conduct in default of which he went to the roads.

SATURDAY NIGHT'S HAUL.

Police Headquarters Reasonably Busy Last Night—Henderson Hayes.

The usual number of drunks and downs and disorderlies were carted to the police station last night for a seance with the Mayor to-morrow at noon. There is a certain class of offenders in Wilmington, who simply cannot resist the temptation for a "wee nippe" at the week's end and the truth of the old saw that "one drink calls for another" generally prevails with members of the "Old Guard" at the station house.

Henderson Hayes and three or four other old-timers were gathered in up to 1 o'clock this morning. The only case of any seriousness was one in which Aaron Lloyd, a colored stevedore, is charged with an assault with a deadly weapon upon Archie Parker, a colored carpenter. Parker said Lloyd threw his hand back to his pocket and threatened to "blow him open." Lloyd says Parker was after him with a brick.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.
A liniment may relieve, but can't cure.
Backache comes from the inside—from the kidneys.
Doan's Kidney Pills get inside—
They cure sick kidneys.
Here is Wilmington proof that this is so:
R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters anl liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised Cor. Nutt and Grace streets. my's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result I will gladly recommend Doan's Kidney Pills every time for backache.'
